on behalf of Alhadaf Institute Family we would like to thank you for your consistent love and support. We are so thankful for these past months it has been full of services and activities and we are so happy to be sharing the things we have been up to.

● *Orphans Program*

We are so glad within these difficult times as we were able to have our foster mothers meeting, and we took advantage of the month of Mother's Day to celebrate Mother's Day with them, we gave each mother a special gift that has a special word, the mothers were bonding and it was so moving to see each mother learning from one another experience.

- *Refugees Program:*

- *The joy of giving*

we had an idea for a way to engage the kids with Alhadaf family, we collaborated with kindergarten students as they bought all types of basic food items, and the children distributed them to the refugees. Thus, we made the children see what giving feels like. At the same time, the refugees were supplied with all their basic food needs.

- *English courses for the refugees:*

In line with our goal of providing our beneficiaries with skills that will create opportunities besides providing a new communication skill that could be an advantage depending on relocation, these courses give the refugees a distraction from their daily worries and develop personal relationships with others. This sense of purpose and belonging is an important part of the healing process.

- *Raising awareness on national TV*

Alhadaf institute is covering more topics regarding adoption and child care on national TV, we are raising more awareness regarding this topic, check our Facebook, Instagram, and YouTube channels to watch our interviews.

Maran was able to talk about our roadmap towards world without orphans because every child deserves to be raised in a loving family.

YOU CAN ALWAYS MAKE A DIFFERENCE

1

VOLUNTEER

We are welcoming more and more volunteers. visit our website for more details.

2
